CHAIRPERSON'S FOREWORD

On behalf of the Council and the Secretariat, I am pleased to introduce our 2018 Annual Report.

Since our 2017 Annual Report, three new members were appointed during 2018. Mr Keith Alder as Deputy Chair, and the Honourable Peter Anderson AM and Professor Susan Hayes AO as Community Members. They each bring their own considerable diverse skills and experiences to the work of the Council. They have already made a valuable contribution. All members of the Council continue to work professionally, independently but collaboratively, and I wish to acknowledge their unstinting dedication to the large workload each has to bear.

The Secretariat continues to be very capably led by Alyson McDade, Executive Officer and Registrar. The Secretariat continues to provide every member of the Council with a high quality, timely, effective and efficient service. On behalf of the Council, I wish to record our thanks and admiration, particularly for the large workload each staff member has to produce on a recurring basis.

The workload of the Council continues to grow (*Figure 1* page 20), not only in terms of an 4.5% increase in number, but also through a more proactive approach in managing all serious offenders, particularly so those inmates that require more active intervention. Within the Secretariat's budgetary constraints and the Department's timely delivery of rehabilitation programs, this proactive approach aims to have every serious offender ready to participate in External Leave Programs, as a gradual transition from custody to release on parole, by the time their non-parole period expires. While participation in External Leave Programs may afford some measure of leniency, in how a serious offender serves out their sentence, the primary purpose is public protective in nature, in order to reduce the risk of re-offending. In many cases participation in External Leave Programs is recommended by final treatment reports, particularly those of a medium to high intensive nature. Rehabilitation risk management and coping skills learnt during these programs need to be firstly utilised and tested in the community, within the confines of the more restricted nature of External Leave, before we consider that release to parole is appropriate. However, where there is a delay in an offender's progression in classification towards External Leave Programs, a tension can then arise between the time available for participation in External Leave Programs and that would allow a meaningful period of supervision on parole.

The Council continues to appreciate, respect and maintain its independent statutory charter. In my experience, it consequently receives due respect. On behalf of the Council and the Secretariat, I again wish to record the members' appreciation and honour in being given the opportunity to serve the community at large.

John Favretto
Chairperson

OVERVIEW

About this Report

Under section 209 of the *Crimes (Administration of Sentences) Act 1999* the Council is required to submit an Annual Report to the Minister for Corrections for presentation to Parliament providing information as to the Council's activities during the relevant year. This report covers the period 1 January 2018 to 31 December 2018.

About Serious Offenders

This expression is defined in the legislation, and is set out in Schedule One to this report, together with information pertaining to the nature of the Serious Offender population and their offences. However, in general terms, a Serious Offender can be defined as an inmate serving a sentence of Life imprisonment, as having been convicted of murder, or who has been sentenced to a term of at least 12 years before becoming eligible to be released on parole. As at 31 December 2018, there were 914 Serious Offenders in custody (an increase of 4.5% over the previous year), representing approximately 10.6% of the sentenced inmate population (6.9% of the total inmate population) at that time. Included in the total of 914 are 47 female Serious Offenders.

About the Council

The Council is constituted by the *Crimes (Administration of Sentences) Act 1999*. The Council has been in existence since 14 January 1994, initially constituted by the *Prisons (Amendment) Act 1993*.

The Council comprises the following categories of members:

Judicial

These members are appointed by the Governor of NSW. Sitting or retired judges of a NSW Court, or the Federal Court, and magistrates, or persons qualified to be appointed as a judge of a NSW Court are eligible.

Community

These members are appointed by the Governor of NSW as being persons who reflect as closely as possible the composition of the community at large.

Official

These members are appointed by the Commissioner of Corrective Services and are officers of Corrective Services New South Wales.

- iii. to provide reports and advice to the State Parole Authority concerning consideration for the release on parole of Serious Offenders,
- iv. to prepare and submit Reports to the Supreme Court of NSW with respect to applications under Schedule 1 to the *Crimes (Sentencing Procedure) Act 1999*,
- v. to review segregated and protective custody directions on application made by a relevant inmate to the Council,
- vi. to provide Reports and Advice to the Minister and to such other persons or bodies as may be prescribed by the regulations.

PRINCIPAL ACTIVITIES OF THE COUNCIL

- i. Convening fortnightly meetings in relation to Serious Offenders: see Section 1 hereof.

- viii. Providing Reports to the Supreme Court of NSW in respect of Serious Offenders seeking that the Court re-determine their Life sentence: see Section 9 hereof.

However, merely to state these statutory functions of the Council does not convey a complete picture of the Council's activities. For example, the Council's secretariat on a daily basis deals with an extremely wide range of written and telephone enquiries from correctional centres, programs staff, CSNSW senior management, Corrections Intelligence Group, the legal profession and inmates and their families. There is regular contact with the Courts because of the statutory requirement that Council must have regard to the remarks of the sentencing Judge (and therefore the necessity of obtaining a copy of those remarks in each case), and the need to keep itself apprised of the results of relevant appeals to the Court of Criminal Appeal. The Council is in frequent contact with Justice Health seeking advice and medical reports, and, from time to time, with the Mental Health Review Tribunal as a result of the shared responsibility in respect of Serious Offenders who are also forensic patients under the Mental Health legislation.

DURING 2018

- i. The number of Serious Offenders increased from 874 to 914 (an increase of 4.5%). In 2018 Serious Offenders represented 10.6% of sentenced inmate population (6.9% of the total inmate population).
- ii. The Council held 24 meetings and made a total of 1624 recommendations to the Commissioner in respect of Serious Offenders' security classification and placements. The Commissioner (or his delegate) approved 1505 of these recommendations and a further 7 recommendations were approved with variations. The Council made a further 319 recommendations to the Commissioner in respect of Serious Offenders' case plans.
- iii. There were 28 Serious Offenders the subject of Parole Orders made by the State Parole Authority. The Council recommended the consideration of the release on parole in all 28 cases. In 2018 the Council provided 147 reports to the State Parole Authority containing advice in respect of Serious Offenders eligible to be considered by the Authority for release on parole.
- iv. There were five (5) Serious Offenders serving a Federal Sentence who were the subject of Parole Orders made by the Commonwealth Attorney General. In 2018 the Council provided eight (8) reports to the Commonwealth Attorney General on the custodial history of the serious offenders being considered for release on parole in that year.
- v. The Council held four (plus two extraordinary) meetings reviewing the status of Extreme High Risk Restricted, Extreme High Security, High Security and National Security Interest inmates and as a result made 469 recommendations to the Commissioner. The Commissioner (or his delegate) approved 468 of these recommendations. At 31 December 2018 there were 35 inmates designated Extreme High Risk Restricted, 17 Inmates designated National Security Interest, 42 Inmates designated Extreme High Security and 24 Inmates designated High Security.
- vi. Assessment Committees constituted by members of the Council spent 30 days at correctional centres or via audio-visual link carrying out 430 interviews with Serious Offenders.
- vii. There were 86 applications from Public Interest inmates (out of a total of 139 applications received) the subject of recommendations by Council to be approved to participate in unescorted external pre-release leave programs. The Commissioner (or his delegate) approved 53 of these recommendations. A further 6 applications were approved by the Commissioner with variations to the Council's recommendations.
- viii. There were 74 inmates (out of a total of 101 applications received) the subject of recommendations by Council to have their escape-risk classification removed. The Commissioner (or his delegate) approved 65 of these recommendations.

Serious Offenders Review Council

Annual Report for the year ended December 2018

- ix. There were 55 applications received from Inmates seeking reviews of segregation or protective custody orders. Hearings were held in respect of six (6) of those applications, five (5) orders were confirmed by the Council and the sixth order was revoked. Three (3) applications were withdrawn by the inmate and 25 directions revoked by the Governor of the correctional centre, prior to the hearing. Twenty (20) applications did not proceed for other reasons.
- x. The Council did not receive any requests from the Supreme Court of NSW for a report in respect of a Serious Offender applying to the Court to re-determine their Life sentence.

Section 1: MEETINGS OF THE COUNCIL

- 1.1 The Council conducts regular meetings in the Conference Room at the historic Newington House, Silverwater. During 2018, the Council met on 24 occasions in respect of Serious Offenders, and made 970 recommendations to the Commissioner as to their classification and/or placement, of which the Commissioner (or his delegate) approved 851 recommendations and a further seven (7) with variations. The Council made 654 “stay as is” recommendations, all these recommendations were approved. There were an additional 391 recommendations in relation to case plans.
- 1.2 Meetings of the Council are held at such times as are fixed by the Chair and the procedure at such meetings is also determined by the Chair. A quorum of the Council is comprised of a judicial member, a community member and an official member. Generally speaking up to six members of the Council are present at meetings in respect of serious offenders.
- 1.3 However, the Chair may direct that any particular meeting of the Council is to be constituted by a meeting of a division of the Council consisting of a judicial member, a community member and an official member, and may delegate to such division any of the functions of the Council.
- 1.4 In order to comprehend the importance of the Council’s core functions it is necessary to have some understanding of the significance of the security classification system. This allows the Serious Offender, in a proper case, to progress from the highest level classification, at the commencement of the sentence, which may require his/her incarceration in a maximum security correctional centre for as long as he/she is so classified, to the lowest level classification towards the expiry of the non-parole period of the sentence, which classification permits him/her to be held in a minimum security correctional centre. This progression, SORC ensures, is on a basis particular to each individual inmate.
- 1.5 It is very much in the community’s interest that as many Serious Offenders as may properly do so progress to the lowest level of classification because it is only by so doing that the inmate becomes eligible to participate in unescorted pre-release leave programs. The purpose of such programs is to prepare the inmate for re-entry to normal life in the community following a lengthy period of incarceration. The inmate is also tested by this exposure to life in the community in the company of approved sponsors, thereby providing an additional opportunity to assess the inmate’s likely response when released from prison. An additional benefit which flows from an inmate successfully taking part in such programs is that by doing so the prospects of being released on parole, under the supervision of Community Corrections, are enhanced.
- 1.6 Thus classification determines, to a large extent, placement in a particular centre, which in turn may determine what developmental programs are available to the inmate (e.g., sex offender programs, violence prevention programs alcohol or other drugs counselling, education,). The Council provides the Commissioner with written advice as to the most suitable classification of the Serious Offender throughout the entire period of the sentence. In so doing, the Council has regard to the accumulated information gathered by the Council as to the inmate’s progress.

Serious Offenders Review Council

Annual Report for the year ended December 2018

- 1.7 Each time the Council exercises its statutory functions, it is required to consider the public interest, and in so doing to take into account at least 14 specified subject-matters of which the protection of the public is to be regarded as paramount. The other matters which must be taken into account cover disparate topics including: the nature and circumstances of the offence, the inmate's conduct during his current sentence, and, if applicable, during any previous sentence, the need to maintain public confidence in the administration of criminal justice, and the rehabilitation of the inmate and his eventual re-entry into the community as a law-abiding citizen (see Section 198(3) of the Act).

- 1.8 From its inception, the Council acknowledged that although not bound by Departmental policies, it would nevertheless generally be guided by them, departing from them only when it considered the particular circumstances justified such a course of action. Thus, for example, when making recommendations in respect of Serious Offenders considered eligible to undertake unescorted pre-release leave programs, the Council has regard to the time-frame adopted by the Department which requires such an inmate to be within a specified proximity to the expiry of the non-parole period of the inmate's sentence.

Section 2: ASSESSMENT COMMITTEES

- 2.1 Assessment Committees, made up of Council members, visit those correctional centres throughout New South Wales which house serious offenders. In 2018 a number of interviews with inmates housed in regional centres were carried out via audio-video link. Selected inmates are interviewed individually. Generally speaking, these inmates are interviewed due to the fact that they are within eight years or less of their earliest possible release date and are eligible for a reduction in security classification. At these visits the Committees also meet with relevant correctional centre managers, including the Governor, concerning the progress of those serious offenders.
- 2.2 The interview notes and proposals of the Assessment Committees are tabled at subsequent meetings of the Council and, together with other material on the inmate's file, provide the basis for the recommendations made by the Council to the Commissioner concerning the inmate's ongoing classification, placement and program participation. This may determine what developmental programs will be available to the inmate, and whether the inmate will progress, eventually, to a classification and placement which will allow for participation in unescorted pre-release leave programs. This participation may enhance the inmate's prospects, on the expiry of the non-parole period, of obtaining release on parole under supervision by Community Offender Services.
- 2.3 These exercises carried out by the Council's Assessment Committees represent a significant proportion of the Council's overall activities, requiring, as they do, considerable input from the Council's secretarial staff, as well as from the members. In addition, there is the time and effort contributed by the correctional centre staff, without which such exercises would not be possible. During 2018, Assessment Committees spent a total of 30 days carrying out 430 interviews with Serious Offenders.

Section 3: HIGH SECURITY INMATE MANAGEMENT COMMITTEE

- 3.1 Once every three months members of the Council meet for the purpose of constituting the High Security Inmate Management Committee (HSIMC). This Committee convened for the first time in January 1998. The function of this Committee is to advise the Commissioner whether certain inmates (not confined to “Serious Offenders” or sentenced inmates) should be designated as Extreme High Risk Restricted, Extreme High Security, High Security or National Security Interest. At its meetings the Committee is assisted by a number of senior officers of Corrective Services NSW who, although having no vote, nevertheless tender reports and advice to the HSIMC and are present during the conduct of the HSIMC meetings. These personnel include Assistant Commissioners (or delegates), Governors of those correctional centres which house relevant inmates as well as Corrections Intelligence Managers and others.
- 3.2 The HSIMC, in its deliberations on recommendations, places significant weight on the advice of such personnel. If the HSIMC recommends that an inmate be designated either as Extreme High Risk Restricted, Extreme High Security, High Security or National Security interest, the Commissioner may only act on such a recommendation if there is material on which he can decide that an inmate constitutes either a danger or an extreme danger to other people, or a threat or an extreme threat to good order and security . All inmates so designated are reviewed by the HSIMC regularly. As at 31 December 2018 there were 35 inmates designated as Extreme High Risk Restricted, 17 inmates designated National Security Interest, 42 inmates designated as Extreme High Security and 24 inmates designated as High Security. During 2018, the Council held four (plus two extraordinary) HSIMC meetings and made 469 recommendations to the Commissioner. The Commissioner (or his delegate) approved 468 of these recommendations.
- 3.3 The main consequences of being designated an Extreme High Security inmate are that the inmate is moved to different cells on a regular basis, must wear distinctive clothing on days when the inmate is permitted visitors, and the latter themselves are subject to special security measures. Such an inmate is also subject to stringent security arrangements on escort.
- 3.4 The only practical consequence of being designated a High Security inmate is that additional security measures may be employed when such an inmate is on escort. In some Centres the inmate may be denied access to certain locations within the Centre by reason of his designation and as a result may be unable to participate in some programs conducted at those locations.
- 3.5 All security arrangements that apply to Extreme High Security inmates also apply to Extreme High Risk Restricted (EHRR) inmates along with controls and restrictions upon the number and type of visits, visitors, mail and money which may be received for the Inmate. EHRR sentenced inmates are also designated as Serious Offenders and will come within the jurisdiction of the Serious Offenders Review Council.

Serious Offenders Review Council

Annual Report for the year ended December 2018

- 3.6 For inmates designated National Security Interest (NSI) there are controls and restrictions on the number and type of visits, visitors and mail. Security arrangements that apply to Extreme High Security inmates may also be applied.
- 3.7 Holding an Extreme High Risk Restricted, Extreme High Security or High Security designation impacts on an Inmate's security classification and placement.

Section 4: THE ESCAPE REVIEW COMMITTEE

- 4.1 On a monthly basis members of the Council meet for the purpose of constituting the Escape Review Committee. The function of this Committee is to deal with applications on behalf of inmates (non Serious Offenders) who have been classified as escapees within the meaning of the Regulation. The consequences of being so classified include confinement in correctional centres designated as being suitable to house inmates classified as escapees, possible limited access to certain developmental programs, and exclusion from pre-release leave programs. Applications from Serious Offenders who are classified as escapees are reviewed at the meetings for Serious Offenders (see Section 1).
- 4.2 Once an inmate has been classified in this way, he or she cannot be removed from that classification except on a recommendation to that effect from the Escape Review Committee to the Commissioner approved by the latter. In order for the Committee to so recommend, it must be satisfied on the material before it, that there are special circumstances for so doing.
- 4.3 Clause 14 of Crimes (Administration of Sentences) Regulation 2014 provides, in effect, that an inmate “who commits an escape offence” is to be classified within one or other of the escape risk classifications prescribed. However the clause appears to give rise to some difficulties as to the meaning to be given to the expression “escape offence”, which is defined as meaning “an offence of escaping from lawful custody or an offence of attempting or conspiring to escape from lawful custody.” This is so whether or not the person is prosecuted.
- 4.4 The perceived difficulty arises in circumstances where the relevant inmate has not been convicted (i.e. found by judicial process) of an escape offence, but it is nevertheless asserted that his conduct brings him within the definition of escape offence. There is no provision as to how such an assertion is to be tested, nor as to the procedure by which the alleged conduct may be “found” to be an escape offence. Arguably, this constitutes either a separate administrative power in the Commissioner or at least blurs boundaries in respect of the common law and express statutory provisions, e.g. s.310A of the *Crimes Act, 1900*. This unsatisfactory state of affairs was also pointed out in previous Annual Reports of the Council.
- 4.5 During 2018 a total of 101 applications were considered by the Committee, and in respect of 74 of those applications Council made a recommendation that their escape risk classification be removed. The Commissioner (or his delegate) approved 65 of these recommendations.

Section 5: THE PRE-RELEASE LEAVE COMMITTEE

- 5.1 It is the function of this Committee to review applications by so-called “public interest” inmates (other than Serious Offenders) for access to unescorted pre-release leave programs, such applications having been referred to the Council by the Commissioner of Corrective Services NSW, for consideration and recommendation. The expression “public interest inmate” is defined in the Inmate Classification & Placement Policy and Procedures Manual, Corrective Services New South Wales. Generally, the definition covers certain types of offences, and has regard to the length of the sentence imposed for the particular offence.

- 5.2 For the purpose of discharging this function, members of the Council convene monthly in order to constitute the Pre-Release Leave Committee to consider such applications. In order to qualify for consideration by the Committee, each such application must be supported in writing by relevant correctional centre managers, with the exception of unlawful non-citizens applying for unescorted pre-release leave programs. During 2018 the Committee considered 139 applications for unescorted pre-release leave, and in respect of 86 of such applications recommended that pre-release leave be approved. The Commissioner (or his delegate) approved 53 of these recommendations. A further six (6) applications were approved by the Commissioner with variations to the Council’s recommendations.

Section 6: SEGREGATION/PROTECTIVE CUSTODY REVIEW HEARINGS

- 6.1 Restricted placement occurs either as separation from all other inmates (non association) or some other inmates (limited association). Inmates held in restricted placement are so held either as a result of a direction that they be held in segregation, or a direction that they be held in protective custody. In the case of segregation this is always as a result of a unilateral decision by the relevant authority, but in the case of protective custody, this may also derive from such a decision or, more likely, as a result of an application made by an inmate. The essential purpose of segregation is the protection of other inmates (and sometimes staff), whereas the reason for protective custody is to afford the inmate protection from certain other inmates.
- 6.2 Any inmate the subject of either a segregation direction, or a unilateral decision by the relevant authority in respect of limited or non-association protective custody has the statutory right, after 14 days in such confinement, to seek a review of the decision by lodging an application in writing with the Council.
- 6.3 In hearing and determining such applications the Council is not bound by the rules of evidence. It must notify the inmate of the hearing and allow the inmate to appear, with or without a legal representative. The Council, in deciding whether to confirm, amend or revoke the relevant decision, must take into account the following matters:
- a. whether the decision was made in accordance with the relevant provisions of the Act;
 - b. whether the decision was reasonable in the circumstances;
 - c. whether the decision was necessary to secure the safety of the inmate or any other person;
 - d. the security of, and the preservation of good order and discipline within the correctional centre; and thus whether
 - e. the interests of the public are served
- 6.4 During the year under review, 55 applications were made to the Council to review segregation/protective custody orders in circumstances where an inmate had been confined for a period exceeding 14 days, and six (6) of such applications proceeded to a hearing. Five (5) orders were confirmed by the Council, with the sixth order revoked. Three applications were withdrawn by the inmate and 25 directions revoked by the Governor of the correctional centre, prior to the hearing. Twenty (20) other applications did not proceed for other reasons. The majority of hearings were held via audio-video link.

Section 7: REPORTS TO THE STATE PAROLE AUTHORITY

- 7.1 The Council is required to submit reports and advice to the State Parole Authority in respect of serious offenders as they become eligible for release on parole advising, in particular, whether or not it is appropriate for the inmate to be considered for release on parole by the Authority [s.197(2)(a) and 135(3)]. In 2018 the Council provided 147 Reports to the State Parole Authority.
- 7.2 Twenty-eight (28) Serious Offenders were the subject of Parole Orders made by the State Parole Authority in 2018. The Council had advised as to the appropriateness of release on parole in all 28 cases.

Section 8: REPORTS TO THE COMMONWEALTH ATTORNEY GENERAL

- 8.1 The Council submits reports to the Commonwealth Attorney General in respect of Serious Offenders serving federal sentences, as they become eligible for release on parole. In 2018 the Council provided eight (8) reports to the Commonwealth Attorney General.
- 8.2 Five (5) serious offenders serving federal sentences were released to parole in 2018.

Section 9: REPORTS TO THE SUPREME COURT OF NSW

- 9.1 Schedule 1 to the *Crimes (Sentencing Procedure) Act 1999* provides, in effect, that in respect of certain Life sentences imposed on serious offenders, such an inmate may apply to the Supreme Court seeking an Order that a non-parole period be set, with the result that at the expiry thereof the inmate becomes eligible to be considered by the State Parole Authority for release on parole. Excluded is any inmate serving a life sentence imposed under Section 19A of the *Crimes Act 1900* (N.S.W.), amended in this regard in 1989, which provides for the imposition of sentences for natural Life.
- 9.2 The Council is required to prepare and submit reports to the Supreme Court in respect of such applications: *Crimes (Administration of Sentences) Act 1999*, Section 197(2)(c).
- 9.3 During 2018 the Council did not receive any requests for a report from the Supreme Court in respect of a serious offender applying to the Court for the re-determination of an existing Life sentence.

As at 31 December 2018 there were three (3) relevant inmates whose Life sentences have yet to be re-determined. There are a further nine inmates, subject to non-release recommendations, who are eligible to make such an application after having served 30 years of their sentence.

Section 10: SERIOUS OFFENDERS ASSESSMENT UNIT (SOAU)

- 10.1 The SOAU conducts comprehensive psychological assessments within the early stages of sentencing to assist in ‘whole of sentence’ case management planning for identified sexual and violent offenders. The rationale of a ‘front-end’ assessment is to increase opportunity for motivational enhancement and channel offenders into appropriate programs in a timely fashion prior to their earliest possible release date.
- 10.2 Since 2007 all newly sentenced SORC offenders have been automatically referred to the SOAU. Offenders are also identified for assessment by (a) referral directly from Serious Offenders Review Council, (b) referral from the Commissioner CSNSW (generally via the High Risk Offenders Assessment Committee) and (c) monthly data received from Corporate Research Evaluation and Statistics (CRES) flagging newly sentenced sexual and violent offenders.

Section 11: THE COUNCIL’S SECRETARIAT

- 11.1 The administrative support staff of the Council is accommodated at Newington House within the Silverwater Correctional Complex. The small Secretariat, consisting of the Executive Officer & Registrar and eleven staff, is responsible for carrying out all secretarial and clerical work for the Council to enable it to fulfil its statutory responsibilities.
- 11.2 The Council wishes to place on record its indebtedness to the Executive Officer & Registrar and Secretariat staff and to acknowledge the dedication, hard work and commitment of each of the members thereof.
- 11.3 The contact details for the Council Secretariat are:

SCHEDULE ONE: PROFILE OF SERIOUS OFFENDERS

Who is a Serious Offender?

The *Crimes (Administration of Sentences) Act 1999* defines Serious Offender as follows:

- (a) an inmate who is serving a sentence for Life, or
- (b) an inmate who is serving a sentence for which a non-parole period has been set in accordance with Schedule 1 to the Crimes (Sentencing Procedure) Act 1999, or
- (c) an inmate who is serving a sentence (or one of a series of sentences of imprisonment) where the term of the sentence (or the combined terms of all of the sentences in the series) is such that the inmate will not become eligible for release from custody, including release on parole, until he or she has spent at least 12 years in custody, or
- (d) an inmate who is for the time being required to be managed as a serious offender in accordance with a decision of the sentencing court, the Parole Authority or the Commissioner, or
- (e) an inmate who has been convicted of murder and who is subject to a sentence in respect of the conviction, or
 - (e1) a Commonwealth post sentence terrorism inmate, or
 - (e2) a NSW post sentence inmate, or
- (f) an inmate who belongs to a class of persons prescribed by the regulations to be Serious Offenders for the purposes of this definition.

Number of Serious Offenders

As at 31 December 2018 there were 914 serious offenders, representing 10.6% of the Sentenced inmate population (6.9% of the total inmate population). *Figure 1* represents the growth in the number of Serious Offenders spanning 1995 to 2018.
