Subject: Historic agreements for Child Sexual abuse in Government institutions
Date: Sunday, 15 March 2020 7:37:00 PM

I have found that these agreements were made prior to the cases 1/, being heard
2/.An unbalanced Royal Commission being Carried out 3/.Witnesses not previously being heard
, being present in the Preliminary Hearings 4/. A journalist , from the Telegraph, [REDACTED]
STATING in he Public Press that the ACCUSED were guilty Prior to the Hearings.
5/ That there is a Hint of Commonwealth Government intervention in two of the cases, ONE a
trial by a judge, The second a trial by jury, in both of the cases, the rulings were made on false
evidence, as to the Dates, the times, and the places where these assaults were supposed to
have been carried out.
